The Ajman Department of Finance announced that it has entered into an agreement with MBME and the Smart Cube to activate the registration and refill the digital wallet of the Ajman Smart Payment Gateway through MBME smart kiosks. This service will be activated within The payment channels system of the Ajman Smart Payment Gateway. MBME will provide the service of registering in the digital wallet of the Ajman Smart Payment Gateway and recharging it through its automated machines, which are more than 800 devices.
