The Ajman Department of Finance has launched the second phase of the "Smart Financial Planning and Analysis System", which will enhance planning and analysis processes, and prepare and implement the financial plan and government budget for the Emirate of Ajman. Sheikh Ahmed bin Humaid Al Nuaimi, representative of His Highness the Ruler of Ajman for Administrative and Financial Affairs and Chairman of the Department of Finance, stressed that the system is a clear example of the concerted efforts made by the emirate's leadership, and a confident move towards transforming it into an integrated smart city, indicating that the department works in accordance with the directions of Ajman vision. 2021, by providing all capabilities to achieve the highest rates of success, by adopting integrated work mechanisms based on the automation of transactions, the application of smart systems in the various stages of the work of departments and sections, and the strengthening of their strategic partnerships with various local and federal government agencies, to keep pace with the requirements of national work. Sheikh Ahmed bin Humaid Al Nuaimi added that the Department of Finance is keen annually to develop and implement a package of constructive projects that enhance digital transformation and contribute to the happiness of customers, through a functional cadre working in a team spirit, to achieve the highest quality standards of performance.
