The Ajman Government Finance Department organized a number of activities for its employees of various categories; To consolidate the culture of creativity and innovation in the department, and to harness all creative methods to improve the quality of financial services provided to the public. This coincided with the International Day of Creativity and Innovation. Marwan Ahmed Al Ali, Director General of the Department of Finance in Ajman, stressed that the UAE adopts policies and strategies based on creativity and innovation under a wise leadership that believed in Marwan Ahmed Al Ali's creative economy and thought and made them among the main elements of development with Emirati competencies. We believe and are keen in the department to promote and encourage a culture of innovation and to provide an environment that stimulates creativity to raise the quality of life and access to a comprehensive and innovative financial system, thus achieving a sustainable economy. Nawaf Al Obaidli, Director of the Strategy and Project Management Office, said that the UAE has made creativity and innovation among the main pillars that contribute to an active role in achieving excellence and leadership at various levels, stressing the importance of spreading a culture of innovation.
