The Department of Land and Real Estate Regulation in Ajman has announced the linking of its digital services to the Ajman Smart Payment Gateway. Under this cooperation, the department's customers will be able to pay service fees smoothly, comfortably and safely, through the various payment methods and channels that meet the aspirations of customers and contribute to their happiness. Sheikh Abdulaziz bin Humaid Al Nuaimi, Chairman of the Department of Land and Real Estate Regulation in Ajman, said, "The Emirate of Ajman is witnessing a great demand for lands and real estate units, due to its modern infrastructure and economic stability, which contributed to the growth of the real estate sector. This cooperation with the Department of Finance aims to improve the quality of services provided to investors and capital in the emirate, and to reach the best level of service, by providing multiple payment methods and payment channels spread throughout the UAE. For his part, Abdulaziz bin Nasser Al Nuaimi, Director General of the Department of Land and Real Estate Regulation in Ajman, said, “The linking of the department’s digital services to the Ajman smart payment gateway comes within the framework of its keenness to achieve the vision of the Emirate of Ajman in smart transformation, and to meet the aspirations of customers, by providing channels and methods of payment. Multiple suit their lifestyle. Here we are proud of our cooperation with the Ajman Department of Finance, which seeks to support all government departments in the emirate, in achieving complete digital transformation.” Marwan Ahmed Al Ali, Director General of the Department of Finance in Ajman, said we are pleased to support the Department of Land and Real Estate Regulatory in enhancing the efficiency of the services it provides to its customers, by contributing to providing smart payment solutions that meet the needs of customers anywhere and at any time.
