Ajman Police announced linking its digital services to the Ajman Smart Payment Gateway, in a move that would allow the public to pay the fees for services provided by Ajman Police with ease and comfort through various payment methods and channels that keep pace with the latest international technologies. Major General Sheikh Sultan bin Abdullah Al Nuaimi, Commander-in-Chief of Ajman Police, said that the leadership succeeded in developing its security system and services, as it was able to jump to the highest ranks in the world to provide a security environment for residents in the emirate, stressing the efforts of Ajman Police in linking its digital services with the Ajman Payment Gateway. Smart, which offers multiple payment options and channels spread across the country. His Excellency Marwan Ahmed Al Ali, Director General of the Department of Finance in Ajman, expressed his appreciation and pride in supporting the Ajman Police, which is making every possible effort to improve the security services it provides to the public and its constant endeavor to enhance the security and safety process in the country. He stressed the role of the Ajman Department of Finance in supporting this lofty goal by contributing to providing smart payment solutions that meet the needs of the public and save them time and effort. The Ajman Smart Payment Gateway provides the Ajman Police with a unified payment system that is flexible and meets their needs and provides them with a high ability to follow up and monitor all their revenues in real time. The portal also provides comprehensive and accurate statistical and financial reports that help in decision-making at all levels.
