The Ajman Department of Finance has obtained a security compliance certificate and compliance with the DSS PCI Payment card Industry Data Security Standard for Ajman smart payment gateway systems, from the global company "ValueMentor". The certificate covers the various services of the Ajman Smart Payment Gateway, its infrastructure, and the online payment gateway. “Hosting clearing and secure storage of information, and all devices and cards. The Department of Finance aims that Ajman Pay smart payment gateway will be an alternative to cash in payment, payment, settlement and revenue collection services. Marwan Al Ali, Director General of the Department of Finance in Ajman, said, "The security compliance certificate and compliance with data security standards contribute to limiting Alba card data breaches, which we list as a global disease, which helps make smart payment systems more secure. Obtaining this certificate is nothing but an enhancement to the credibility of the Ajman Smart Payment Gateway, as an alternative to cash, characterized by ease, convenience, and a high degree of security. This step is also part of the Department of Finance’s ongoing efforts to make the Ajman Smart Payment Gateway the most secure payment platform.”
